

Mountaineer Newsletter

May 2018

Purpose: One of my goals for this season is to reconnect the football program with our alumni. One way I look to do this is by sending out newsletters every other month. This will give you information on upcoming events, as well as keep you informed with what the program is doing. We hope to bring a family atmosphere between our alumni and current program.

Go Mounts!

Coach Miller

Spring Sports

Over **60%** of our athletes participated in a school sport this spring. These players helped our programs have a banner season. Our baseball team clinched the Section II Title and is starting their post-season run, our Boy's Lacrosse Team is returning to district play, and our Boy's Track team finished the season with 6 straight wins!

Summer Schedule

Our goal for this spring and summer is to get our guys out competing as much as possible. We believe at this stage we need to get as many "game" reps as possible. To achieve this we will be attending 4 interactions at Cedar Crest High School (6/11, 6/25, 7/9, and 7/23) in addition to team camp at Millersville University (7/13 to 7/15). By the time we start practice in August our team will have gone against over 20 different schools.

Spring Practice

Our Spring Open Gyms will start on May 21st and run through the following week. We will cap our 2 week open gym session with a interaction with Garden Spot. We will practice from 3:30 to 6 PM on Mountaineer Field. All are welcome to attend!

Golf Outing

Our annual Golf Outing will be held on Saturday July 28th at the Manor Golf Course. I hope to make this event a gathering place for past alumni to get together, remember your glory days, and support the current program. We would love to have you play or sponsor a hole. Golf Information can be found [here](#).

The Ephrata Gridiron Club is in search of new members. The club is made up of community members and alumni in order to promote Ephrata Football from D-team through High School. Gridiron Info can be found [here](#).
